

Senator Thrasher:

On behalf of all of the state committee members signed below, we are pleased to offer you our endorsement for Chairman of the Republican Party of Florida.

The last year has been a difficult one for our party and has detracted us from our main goal as party activists - recruiting and electing good Republicans to office. This coming November is crucial for Florida, the state that has been referred to as a "Blue State" after President Obama won Florida last cycle. But this year, we need to send a message that Florida is focused on less taxes, less government and more personal freedom - and to do this we must send a Republican to the U.S. Senate, maintain the Governor's Mansion and regain all cabinet seats.

We have no doubt that Sharon Day is a dedicated member of our party, and we do thank her for her dedication as national committeewoman, but we believe that you are the leader that we need for the remainder of 2010.

Thank you for your willingness to serve and we will proudly stand with you in your election for chairman on February 20th.
